

FINAL CALL FOR PAPERS
(Deadline Extended)

7th IEEE International Conference on Computational
Advances in Bio and Medical Sciences (ICCABS)
October 19-21, Orlando, FL, USA

Advances in high-throughput technologies such as DNA sequencing and mass spectrometry are profoundly transforming life sciences, resulting in the collection of unprecedented amounts of biological and medical data. Using this data to advance our knowledge about fundamental biological processes and improve human health requires novel computational models and advanced analysis algorithms. IEEE ICCABS aims to bring together leading academic and industry researchers to discuss the latest advances in computational methods for bio and medical sciences.

Topics of interest include but are not limited to:

- **Biological Big Data Analytics**
- **Biological modeling and simulation** (Molecular and cellular modeling, stochastic and rule-based modeling, modeling languages and systems);
- **Biomedical image processing** (Image segmentation and classification, visualization, functional and molecular imaging);
- **Biomedical data and literature mining** (Data integration, knowledge discovery from electronic medical records and scientific literature);
- **Computational genetic epidemiology** (Linkage and association analysis, gene-gene and gene-environment interaction modeling, genetic risk analysis);
- **Computational metabolomics** (Metabolomics databases, metabolite identification, spectral analysis, metabolic network modeling);
- **Computational proteomics** (Peptide identification and quantification, post-translational modifications, protein-protein interactions);
- **Databases and ontologies** (Biomedical data warehouses, database integration, biomedical ontologies and semantic web services);
- **Data Integration** (Records linkage and the integration of biological data);
- **Gene regulation** (Regulatory motifs and modules, post-transcriptional regulation, regulatory networks);
- **Genome analysis** (Genome assembly, genome annotation, comparative genomics, metagenomics);
- **Health Informatics** (Medical data management and privacy, medical recommender systems, therapy optimization);
- **High-performance bio-computing** (Cloud and grid computing, advanced multi-core, GPU, and FPGA biomedical applications);
- **Immunoinformatics** (Epitope prediction, vaccine design, immune system simulators);
- **Microbial Data Analysis** (The role of microbiomes in determining phenotypes);
- **Molecular evolution** (Models of evolution, reconstruction of phylogenetic trees and networks, comparative genomics);
- **Population genomics** (Haplotype and recombination analysis, structural genomic variation, signatures of natural selection);
- **Sequence analysis** (Multiple sequence alignment, motif discovery, sequence search and clustering);
- **Structural bioinformatics** (RNA and protein structure prediction and classification, molecular docking, RNA and protein design);
- **Systems biology** (Systems approaches to molecular biology, multi-scale modeling, biological networks, synthetic biology);

- **Transcriptomics** (Microarray and sequencing-based transcriptome profiling, novel transcript discovery, alternative splicing, non-coding RNA analysis).

Submission Instructions:

Authors are invited to electronically submit extended abstracts in PDF format by following the instructions at <https://easychair.org/conferences/?conf=iccabs2017>. Submissions should be prepared using IEEE Computer Society's Word/LaTeX templates available at http://www.ieee.org/conferences_events/conferences/publishing/templates.html and should not exceed 6 pages in length. Accepted abstracts will be published in the IEEE Xplore Digital Library. Special issues of journals on selected extended abstracts are under negotiation. A limited number of student travel awards will be made (conditional upon NSF support).

Key Dates:

Papers Submission: ~~August 1, 2017~~; August 11, 2017

Notification of Acceptance: ~~August 25, 2017~~; September 4, 2017

Author Registration: ~~September 1, 2017~~; September 11, 2017

Camera-ready Papers Due: ~~September 6, 2017~~; September 15, 2017

Co-General Chairs:

Sanguthevar Rajasekaran (University of Connecticut)

Shibu Yooseph (University of Central Florida)

Program Chairs:

Danny Krizanc (Wesleyan University)

Shaojie Zhang (University of Central Florida)
